

- All service should be performed by qualified personnel - power supply to be disconnected prior to installation.
- Connections made must comply with local regulations and the national electrical code. Contact Solera for additional information on installations.

## Installation Instructions: ABLE

1  
First remove qty (6) plate mtg. screws. Next remove both top & bottom diffuser holder plates, along with the front diffuser.

2  
Unfasten qty (6) hex nuts from the LED module mounting bracket & separate from gear tray.

3  
Make all necessary wire connections to the junction box.

4  
Mount fixture to the wall with junction box screws qty (2).  
Alternatively, mount to the wall using lag screws qty (4) (hardware by others).

5  
Replace the LED module bracket back to the gear tray using the qty (6) hex nuts.

6  
Finally, replace the front diffuser using the top & bottom mtg. plate and the qty (6) screws.
