

• All service should be performed by qualified personnel - power supply to be disconnected prior to installation.

• Connections made must comply with local regulations and the national electrical code. Contact Solera for additional information on installations.

Installation Instructions: JAX

Make all necessary power wire connections in the junction box.

Position the wall mtg. plate over the center of the junction box and mount to the junction box with qty (2) screws AND/OR the wall using lag screws. (Hardware by others)

Place the front fascia over the wall mtg. plate and use qty (4) screws (supplied) to secure to the wall mtg. plate.

ADDITIONAL NOTES:
If mounting on walls with rough or uneven surfaces, silicone must be applied around the edges of the housing between wall and the fixture.

LAG SCREW
QTY(4)
