LOLLIPOP FLOOR LAMP

Introducing LOLLIPOP. This is a new design created for indoor application. LOLLIPOP features a complex extruded aluminum metalwork for the entire unit but gives a modern, simplistic, playful look. The design combines stability with beauty and elegance. LOLLIPOP adds that attractive contemporary aesthetic to any indoor space.

Construction: Fixture housing is constructed from 6061-T6 aluminum alloy. It has weather-proof silicon gasket seal and stainless-steel external hardware for corrosion resistance. Contact Factory for any custom etching & laser cut design.

Mounting: The fixture housing attaches securely to the anchoring plate using four flush-mounted anchor bolts. The package includes the necessary anchors (A), bolts (B), and a template (T).

Lamp: GU10 screw-in blub

Light distribution: Internal glow

Driver: 120V electronic driver, thermally protected with low THD. 6kV native surge protection and 4kV EFT with ambient operating temperature -40°C to 55°C

Options: finial, tassel, plug, etching, lettering

Finish: black, white, silver grey, bronze, custom color available upon request, hydro-dipped

Listing: complies with CSA & UL standards; label for tassel location

Warranty: 5-year limited warranty
